

INTERNATIONAL COMMERCIAL AND MARITIME PRACTICE

INTERNATIONAL LAW FIRM

VILSPRIND TM advises clients in **international commercial and maritime law**, combining legal precision with industry understanding and practical cross-border execution. The firm focuses on shipping, transport, international trade, arbitration and complex liability matters with a clear emphasis on business-oriented outcomes.

POSITIONING

We support shipowners, charterers, cargo interests, traders, operators, insurers and other commercial actors facing cross-border legal, contractual and dispute-related issues. Our approach is focused, responsive and commercially grounded.

Maritime & Transport Law

Advice across shipping operations, contracts and casualty-related matters.

- Charterparties and transport contracts
- Ship sale & purchase, registration and finance
- Cargo claims, demurrage and marine incidents
- Repair, management and supply arrangements

International Arbitration & Disputes

Representation and strategy in cross-border commercial and shipping disputes.

- Institutional and ad hoc arbitration
- Cross-border litigation coordination
- Enforcement and asset-preservation support
- Commercially focused dispute management

International Trade Law

Legal support for international transactions and trading structures.

- Trade contracts and risk allocation
- Shipment, delivery and performance issues
- Customs, sanctions and export controls
- Practical support for multi-jurisdictional deals

Civil Liability & Claims

Claims and defence in complex liability matters involving personal, property and economic loss.

- Personal injury and wrongful-death matters
- Maritime and aviation accident litigation
- Damages, evidence and causation analysis
- Cross-border coordination with local counsel

BROADER CAPABILITIES

Why clients work with VILSPRIND

International matters often require more than drafting. They require legal analysis, sector familiarity, attention to evidence, commercial realism and the ability to coordinate across jurisdictions.

- Cross-border commercial and maritime focus
- Strong shipping and trade-sector understanding
- Practical dispute and recovery mindset
- Responsive support for complex, time-sensitive matters
